Quality, Service and Value

▶ Panther Medical Canada

History

Panther Medical Canada Inc is a welcome addition to the Canadian Healthcare Supplier Landscape and is an example of Canadians working to reshape healthcare by delivering missing quality, service and value.

By partnering with **Panther Healthcare of China**, the 3rd largest global manufacturer open & endoscopic stapler products, Panther Medical Canada will deliver significant value to Canadian Healthcare.

Panther Medical Canada also partnered with **Purple Surgical of the United Kingdom** and now has ability to deliver a wide range of Surgical Instrumentation.

Panther as well as Purple products are CE Mark Approved, FDA Licensed and Health Canada Licensed, are being used in over 65 Countries WorldWide and are now available in Canadian ORs for clinical use and savings.

Formed in July 2018 by two successful Canadian Healthcare Entrepreneurs, Mario Cortis & David Goossens, Panther Medical Canada plans to partner with Canadian Hospitals, Surgeons and all stakeholders to supply high quality open & laparoscopic surgical solutions.

Panther Medical Canada aims to deliver training, quality and service to Canadian Surgeons and OR Teams, while disrupting pricing inefficiencies in the Canadian Surgical Market.

OUR MISSION

Provide innovative and value healthcare products serving surgical communities

OUR VISION

Source high quality products from best manufacturers across the world and deliver **Quality, Service and Value** to Operating Rooms across Canada

Panther Healthcare, China

Panther Healthcare is the 3rd largest manufacturer of surgical staplers and is globally present in more than 70 countries. Panther Healthcare is focused on surgical stapling and minimally invasive surgery products. Our current portfolio of high quality open and endoscopic Surgical Staplers are serviced by a dedicated team of Clinical Product Specialists.

The Panther HealthCare R&D Team has 4 major product focuses including Endo Staplers, Linear and Circular Cutters and Linear Staplers. Coming soon to Canada are Powered Endo Staplers and many other innovations to help Canadian surgeons deliver better outcomes.

QUALITY CARE THROUGH INNOVATION

Endo Linear Cutter

The Endo Linear Cutter is available in 3 different shaft lengths- Short, Standard and XL that enable surgeons to perform multiple applications and cover all surgery procedures. The Panther Endo Linear Stapler simultaneously cuts and divides tissue while placing two triple staggered rows of titanium staples in the tissue. The universal stapler handle is designed to host all cartridges of all sizes for up to 25 fires per patient.

Hemorrhoidal Staplers

The Panther Hemorrhoidal / Prolapse Circular Stapler is designed for rectal prolapse and hemorrhoid disease. The unique transparent staple casing enables surgeons to easily see the amount of tissue drawn in the casing. Each stapler has a patented dilator with light source, which provides constant illumination of the surgical area. Fine details such as the purse string are clearly more visible in fine detail than traditional PPH dilators. The staplers also boast a patented inside safety trigger to prevent misfirings.
